Colorado Office of Film, Television & Media

To Apply for Colorado's new incentive rebate is easy. Our incentive is a cash rebate, which means no transferable tax credits, complicated tax returns, or long waits. Checks will be issued no later than 45 days after receipt of CPA audit and other required documentation.

To be eligible, a Colorado production company must have qualified local expenditures of at least \$100,000. An out-of-state production company must have at least \$1 million in qualified local expenditures (the exception being television commercials and video game productions, which must have qualified local expenditures of \$250,000).

Productions must hire a workforce (cast & crew) comprised of at least 50% Colorado residents.

All productions considering a film incentive rebate must be approved and have a signed contract before beginning principal photography.

To fill out an application please go to: <http://coloradofilm.org/incentives/incentive-procedure/>
